

## **TB Elimination: Together We Can! PSA (:30)**

Tuberculosis is one of the world's deadliest diseases, but it can be prevented and treated. One-third of the world's population is infected with TB and each year, there are almost 2 million deaths from TB worldwide.

World TB Day 2011 is March 24th.

*Together*, we can *eliminate* TB! Go to [www.cdc.gov/tb](http://www.cdc.gov/tb) to learn more.

A message from the Centers for Disease Control and Prevention.
